SUMMARY OF DUTIES

This position is located in the Joint Forces Headquarters—State, Logistics Directorate (J-4), Surface Maintenance Facility. The purpose of this position is to troubleshoot, repair, maintain, inspect, and/or overhaul a variety of complex combat, tactical, commercial, and special purpose vehicles and equipment having complicated mechanical and non-mechanical systems with a variety of interconnected systems. Provides technical guidance and specialized team leadership to lower grade employees. Performs maintenance, troubleshooting, and major repair on heavy-duty mobile equipment, combat, tactical, and automotive vehicles. Troubleshoots equipment with a variety of the mechanically complex major systems and diagnoses difficult performance problems and the cause of mechanical failures by means of visual and auditory checks, uses test equipment such as engine analyzers, compression testers, voltmeters, ohmmeters, pressure gauges and computer diagnostic tools. Removes and disassembles engines and complex major assemblies, sub-assemblies, components, and fuel, hydraulic, and oil pressure systems. Independently performs repairs and maintenance functions with little or no supervision in remote locations. Conducts readiness and repair inspections on vehicles and associated equipment supported by the activity. Performs electrical repairs on complex state of the art electrical and electronic systems requiring extensive training on specialized diagnostic equipment to identify problems. Assists in the maintenance of production reports and records, and makes recommendations to the supervisor. Performs other duties as assigned.
